

DIDSBURY PIONEER

VOL. XVII

DIDSBURY, ALBERTA, WEDNESDAY, MAY 21, 1919

No. 21

QUALITY

Great stress is laid upon the quality of

Invictus Shoes

Modelled upon nature shape lasts—made of the best materials obtainable—up to the minute in style—perfect in finish, these superior Shoes more than hold their own in the good opinion of good Canadians.

It has been said that the people of the Northern American Continent are the smartest and neatest shod in the world. This is no less true of Canada than of our neighbors "across the line."

The modern tendency is to demand fine footwear as a requisite. Judging by their popularity, "Invictus Shoes" would seem to be synonymous with "Superior Shoes", at least it is the endeavor of the manufacturers to attain this end.

Invictus Shoes are the practical man's "two foot rule."

The Effect of the Recent Big Blizzard

J. McCaig, Chief Publicity Commissioner for Alberta, has issued the following regarding the blizzard of the early part of the month:

There were not many winter losses but the stock was not strong on account of having come through on low or bare maintenance rations. Stock was out gathering old and a little new grass when the snowstorm of May 1, 2 and 3 came. This is the worst May storm that has occurred for thirty years. Its effect on the land, crop and grass was good but it was disastrous to

weak stock on both the range and the farms. The snowstorm was the heaviest north of Red Deer, but the chief losses occurred south. It began with soft snow and developed to a gale with a velocity of sixty miles an hour, and cattle perished in ditches, lakes, against wire fences and over cut banks. The Rosebud country, extending from Didsbury beyond Drumheller, the Gleichen district and the country west of the Calgary-Macleod Railway suffered most. There were some lamb losses through the Province, but not to any great extent in the large bands, as most of the sheepmen have good shedding. The count in stock losses is not yet available.

THE WISDOM OF FRIENDSHIP

We take care of our health; we lay up money; we make our roof tight, and our clothing sufficient; but who provides wisely that we shall not be wanting in the best property of all—FRIENDS?—Emerson.

New Office Buildings To Be Erected

Arrangements have been completed and contracts let for the fine new office building and amusement hall to be erected between Williams & Little's grocery store and Chambers' drug store.

The office building, which is to be put up for the use of the Western Mutual Fire Insurance Company and the 50-50 Mutual Hail Insurance Society, will have a floor space 30 x 60 feet and will be one storey in height. It will be a modern building in every way and will contain a hot water heating system, large vaults, supply room, two private offices and a large public office, the whole to be covered with maple flooring.

The peoples' entertainment hall will be 32 x 126 feet. It will be on the ground floor and will have five outlets, thus ensuring a safe means of exit in case of danger of any kind. The building will contain a stage, with dressing-rooms on each side, and the body of the hall will seat about 650 people. In the front there will be a refreshment store and the main entrance, which will be 8 feet wide and 24 feet long. Over the front end of the hall there will be a gallery and the operating room for the moving picture machine; and over the store will be rooms for offices or living rooms.

The buildings will be built of tile and brick and will be lathed and plastered, with maple flooring and a tar and gravel roof. The seating accommodation will be removable so as to allow the hall to be used for social purposes.

Mr. Emerson Morrison has the the contract for both buildings, which are to be completed in ninety days.

Doctor and Editor Attend Branding Bee

Dr. Evans and the Editor took a trip out into the country on Monday afternoon and eventually landed at the Ruby farm, now occupied by Mr. H. Hyndman. Much to his surprise the Editor was invited to give his assistance at a branding bee, the Doctor, Mr. Hyndman and himself being the principal performers, and consequently it can be seen that the gang was fully equipped for any eventualities, the Doctor to do the operating, the farmer to coax the yearlings into a state of submission and the Editor to give his profound and valuable (?) advice, as it is laid down in the books regarding such operations.

The whole proceedings were carried out successfully, the yearlings no doubt realizing the fact that to be branded under such good company was an honor that does not extend to other members of their large and influential family, consequently their objections were not so strenuous as they might have been.

Thus the Editor added another incident to his varied experience of Western life.

After the strenuous afternoon's

work had been completed Mrs. Hyndman invited the performers into a sumptuous supper in her neat and cosy home, which it is needless to say was enjoyed very much by these hard-working men.

Crop conditions look splendid in the western district; all grains are making an excellent showing and are coming up evenly. So far the prospects are ideal. Cattle also are beginning to pick up wonderfully, and no doubt now the pasturage is improving they will continue to gain rapidly.

In view of the warnings given in regard to starting fires this time of the year, we noticed several very large ones were going this side of the Little Red Deer, some of which had almost got beyond control.

Towns Are Judged By Appearances

We are fast becoming a nation of travelers, largely by reason of the innovation of the automobile. We travel with ease and comfort along roads that were never dreamt of, leading us through cities, towns and villages that we hardly knew existed and how often we find ourselves, as we pass through a town or village, judging as to the character and standing of its people.

When you find the homes well painted, in color harmony with their environments, you will find an intelligent and prosperous people, the children "well fed and well clothed" a feeling of substantial solidity permeating the entire community and impressing itself upon the traveler, who journeys on, feeling the better by coming in contact with that which leaves a pleasant memory. These conditions create a civic as well as a personal asset of value worth considerable.

How different your feeling when approaching and passing through a town or village where the homes show the lack and need of painting, the invariable result being decay and disintegration of that which might have been a substantial asset against the day of necessity. The impression formed is that of pity, if not disgust, that any individual or community should show such erinal disregard of the value of preserving and beautifying that which they have permitted, to advertise themselves as "shiftless" and lacking in all principles of economy.

There is no better index of the character and solidity of an individual or community than the condition of his or their properties. It shows thrift or lack of it, and where thrift abides and is practised, there you will find intelligence and prosperity.—Toronto Saturday Night.

Which of these two pen pictures,

so truthfully described, does our own town of Didsbury belong? If we can lay claim to the first, our good name will be known far and near. But if we plead guilty to the latter, let us wipe out the foul stain.

WEDNESDAY, MAY 21, 1919.

In view of the need for a greater revenue to meet existing conditions in Canada, the Pioneer rises to suggest for a slogan: "More Production."

We imported over \$400,000,000 worth of goods or products from the United States last year. The Canada Trade Commission thinks that by a little extra effort these could be produced in Canada.

What with the cost of living going skyward and the air full of strike reports of all sorts, all that is necessary is for "bossy" and "biddy" to join the great army of strikers—then our cup of sorrow will be full to overflowing.

Last week, at Madison, N. J., Florham Leader, a two year old Gurnsey bull calf was sold at auction for \$25,000, said to be a new record price for any animal of its breed. Some high prices have been paid in Alberta, but it is doubtful if the above has been paid here.

At the convention of the Saskatchewan Retail Merchants' Association, held in Regina last week, they "affirmed their belief that prohibition had beneficial results and urged the government to continue the existing regulations." No doubt the retail merchant is well qualified to express an opinion on the effect of prohibition, whether for good or not, because he is the first to come in touch with the community in the necessities of life; so that if the money that should go into his business is diverted to other channels, the result is a loss to him.

Notes from Overseas

According to figures published in Berlin, German war losses up to April 30 last were: Dead, 2,050,460; wounded, 4,207,028; missing, 615,922, making a total of 6,873,410.

Pres. Ebert, in addressing a demonstration in Berlin said that Germany would never sign the peace terms, and who described the peace terms as "the product of the enemy's revengeful hysteria." This is part of the camouflage the Huns have indulged in since the armistice, but the "big four" will not be disturbed in the least.

Sir Robert Borden sailed on Saturday and expects to reach Ottawa on the 24th. Urgent Parliamentary business demanded his return. Premier Lloyd George regretted his departure and is anxious that he should return to Versailles to be present at the final signing of the Peace Treaty, in which he may take a part.

Recently the 50th Battalion left Belgium and were given a most enthusiastic farewell by the inhabitants of the town they had been quartered with, when they turned out en masse and accompanied the Canadians to the adjoining town, and all through a heavy rain storm, so writes a non-com. The 50th is included in the Fourth Division, which will be the last to leave for home. The 50th are now in England and will shortly sail for Canada.

According to a report given to Parliament last week by Sir Edward Kemp, who has just returned from England, Canadian soldiers won over 17,000 decorations in the following list: 53 Victoria Crosses, 1,185 Military Crosses, 1,204 Distinguished Conduct Medals, and 4,610 Military Medals. This is considered above the average. The Imperial air service made a remarkable record and 8,000 Canadians held commissions. Canadian railway construction troops numbered 14,875 when the war ended.

A tractor that will fit your farm—the Fordson

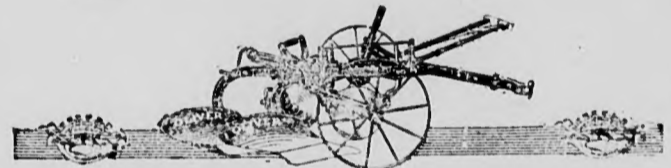

YOU can make your farm produce more—at less cost—and with less effort on your part—by using the Fordson tractor. Not only will it help you prepare your land and cultivate the crops, but it furnishes power for many other farm jobs.

The Fordson tractor is the result of long study of farming conditions and it has proved a success. Burns kerosene—easy to operate and care for—practically trouble-proof.

There's an Oliver No. 7 Plow for your Fordson

Just as the Fordson tractor gives ideal power, the Oliver plow means ideal plowing. It is scientifically designed for tractor service—and is backed by a half century of experience in making plows. It buries all trash and weeds at the bottom of the furrow—maintains an even depth of furrow—and is controlled from the tractor seat.

Come in and let us show you this remarkable farm team.

We also can supply you with all kinds of

Farm Implements
Ford Cars and Repairs, Hardware
and anything you want—from a needle to an engine

A Good Motto to Remember

(Farmers cut this out)

Careful Straining and proper Cooling of Milk in water at this time of year is very essential to guard against loss. Both Dairymen and Manufacturers take big chances of loss if the Milk is not cooled just as carefully during winter months as in the summer. Do not trust to weather conditions. The Milk will not cool in the centre of the can fast enough to prevent high acidity unless proper stirring is applied.

EDITORIAL

Charter of the World's Freedom

The peace treaty, including, as it does, the covenant of the League of Nations, which has been presented to Germany for signature, is, without question one of the most important documents ever drafted in the history of this old world. It takes its place along with Magna Charta and the American Declaration of Independence as an instrument of the first magnitude in providing for and safeguarding the liberties of mankind. Magna Charta and the Declaration of Independence won for the English-speaking peoples of the world those rights and liberties which we prize so highly, and in defence of which we are ever ready to lay down our lives, and they had their effect on other nations. But the treaty of Versailles, 1919, is designed to guarantee the rights and liberties, not of one race or one nation, but of all races and all nations.

The penalties imposed on Germany are severe, but who will say they are not just and necessary? Insofar as Germany is deprived of territory in Europe, it is taken away from her, not in a spirit of revenge nor of aggrandizement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. She loses her colonies because she demonstrated that she was not a fit nation to be trusted with power over subject peoples or native races.

The German people have shown down through the centuries, time and time again, that in their hands power was misused and abused, that they thoroughly believed in and acted upon their doctrine that Might was Right. Therefore, power has been taken away from them, their army and navy destroyed, and the most drastic prohibition imposed in order that they may never again endanger the peace of the world. It has been found necessary to even disarm them and restrict the use they may make of economic weapons, because, in the past, Germans manipulated their fi-

nances, industries, transportation systems, shipping, trade and commerce as parts of their military machine.

The huge sums of money which Germany must pay to the allies are not extorted from her as was the indemnity which Germany imposed on France in 1871. Germany then imposed a fine on France, but today the allies are but compelling Germany to make restitution and reparation for the wanton destruction she has caused in Belgium, France, Serbia and other countries and for the crimes committed against inoffensive non-combatants contrary to all the accepted usages of war.

The peace treaty, however, is much more than the infliction of just punishment on Germany for the horrors and sufferings she brought upon the world and the enforcement of guarantees against a repetition of the outrages. With its League of Nations covenant it is a declaration of principles for the guidance of all nations, large and small, in their dealings with one another. It does even more than that—it lays down principles which are to govern within the nations themselves, in their dealings with their own people.

Well defined principles are laid down under which the more advanced nations are to be entrusted with mandatory powers over less advanced territories and less enlightened peoples. Where people are not yet capable of self-government, they are to be governed, not for the benefit and aggrandizement of the governing body, but for the advancement and in the welfare of the people themselves. So, too, is it clearly defined that in all nations the man who works with his hands, and puts his physical strength in his work, is no longer to be regarded as a mere commodity to be used for profit, but as a human being, a partner in the world's work.

No longer are the small and weak nations of the world to be forced to live in constant dread under the menace of a rattling sword in the hands of a stronger nation; no longer are peoples and races to be held subject to a foreign yoke; no longer will the ruthless Turk be allowed to put helpless Armenians to the fire and sword; no longer will it be necessary that millions of men be held in idleness in huge conscript armies while other millions are burdened with taxes to maintain them in idleness; no longer is the chief business of Europe to be war and preparation for war. The peace treaty declares that it is to be the international business of the world to create better living conditions for the masses, to provide safeguards for the health of mankind, to put down slavery in all its forms, to seek the destruction of the opium traffic and other vices—in a word to build up and benefit, not to tear down and blight.

The peace treaty and the League of Nations covenant are not perfect. It is a human document, and subject to all human weaknesses and frailties. But its intention is good, and the best minds in the world have been responsible for its drafting. It may fail in its whole object, but failure will not result from a lack of sincere effort to attain success. It is the charter of a world's freedom—a contract of release from the age-old crime of war. It remains for the masses of the peoples of the world, who are the real sufferers in all wars, to insist that it be lived up to and fully respected.

Child Had St. Vitus' Dance

And Was Losing Control of Arms and Legs Because of Exhausted Condition of Nerves—Doctor Said He Could Do Nothing But Complete Cure Was Effected

Cordoba, Man. May 26. — To parents who are anxious or worried about the health of their growing children this letter must prove a message of good cheer. So many cases similar to this one have come to our attention that we are forced to consider Dr. Chase's Nerve Food the most effective treatment available for St. Vitus' Dance and all such conditions, which result from nervous exhaustion.

To children who are naturally nervous the strain of school life is often more than they can bear, and the results are seen in headaches, eye troubles, loss of appetite and indigestion. The use of Dr. Chase's Nerve Food at such times soon puts them on their feet and restores health and vigor.

Mrs. Wm. Matt. Cordoba, Man., writes:

"My little girl, ten years old, was not very well, and I noticed some rather odd ways about her. She used to act very strangely at times. I asked the doctor what could be the matter, and he said she had St. Vitus' Dance; to keep her quiet and out of school. He said treatments weren't any use for her. She was affected in this way for a year. I thought something ought to be done, so in looking over Dr. Chase's Almanac I read several testimonials from people who had used Dr. Chase's Nerve Food. I sent for six boxes and started this treatment with my daughter. Before she had finished the first box I could see a great change in her, and by the time she had taken the six boxes she was completely cured. She is real well now, and going to school every day."

"Another daughter of mine has found Dr. Chase's Catarrh Powders very beneficial, and we always keep the Kidney-Liver Pills on hand as a household remedy for backache, etc."

Dr. Chase's Nerve Food, 80 cents a box, a full treatment of 6 boxes for \$2.75 at all dealers, or Edmundson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Diplomacy is the art of making others believe that you really don't want something that you can't get.

STRENGTH FOR THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and that Does Not Weaken the Body By Useless Purging.

There are thousands of people throughout Canada who are without ambition or strength to do their day's work, and who are always tired out, have but little appetite and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. To men and women in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood, which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or work. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

BLOOD TURNED TO WATER

Miss Jessie McLean, Trenton, N.S., says:—"I was as weak as it was possible for any one to be, and yet able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills, and I have reason to be grateful that I took the advice. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

RHEUMATIC PAINS

The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment, the trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Esquimaux, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the Pills for some time the rheumatic pains and stiffness in the joints disappeared and I have not had any return of the trouble."

A GOOD DIGESTION

Mrs. William Dale, Midland, Ont., says:—"I suffered for a long time from a severe form of indigestion, and had doctored so much without benefit that I had all but given up hope of getting better. Everything I

Ladies Perfume Your Skin With Cuticura Talcum

Antiseptic, prophylactic, deodorizing, fragrant and refreshing, Cuticura Talcum is an ideal face, skin, baby and dusting powder. Convenient and economical, takes the place of other perfumes for the person. A few grains sufficient. One of the indispensable Cuticura Toilet Trio for keeping the skin pure and sweet.

Cuticura Soap 25c, Ointment 25c and 50c, Talcum 25c. Also Canadian duties. Sold everywhere. For sample each free address: "Cuticura, Dept. N, Boston, U. S. A."

Belgium's Present Army

Brussels. — Belgium's army at present numbers 210,000 men and 115,000 have been demobilized, the minister of war informed parliament. The minister said he would do his utmost to reduce the Belgian military forces to 100,000 men as soon as possible.

ALWAYS FEELS FIT

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says:—"I am a Provincial Land Surveyor, and am exposed the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit, I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills as a tonic and health builder, I am never without them and I lose no opportunity in recommending them to weak people I meet."

SKIN TROUBLE CURED

Mrs. W. Ritchie, Parkburg, Sask., says:—"Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse I consulted a doctor and took his treatment for some time with no better results. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement and I got a further supply. I used altogether eight boxes, by which time every trace of the eczema had disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Almost a Miracle, But Very Simple

Was the Cure of John New by Dodd's Kidney Pills

His Troubles All Came from Sick Kidneys and He Treated Them With the Old Reliable Canadian Remedy, Dodd's Kidney Pills.

Hillside, Battleford, Sask., May 19. (Special).—With a speed that was almost miraculous, Mr. John New, a well-known farmer here, has been cured of the kidney trouble from which he suffered for several years.

"Dodd's Kidney Pills cured me," he says. "I wish to give them all the thanks."

Speaking further of his troubles and their sudden cure, Mr. New says: "I think I inherited my kidney disease from my parents, and I suffered off and on for several years. I had stiffness in the joints, cramps in the muscles, backache, and neuralgia. I perspired freely on the slightest exertion and my perspiration had an unpleasant odor. I was irritable, often dizzy and was depressed and low spirited. My skin was dry and had a harsh feel and I was often nervous."

"I took just one box of Dodd's Kidney Pills. They cured me."

If your troubles come from the kidneys you will have some of the symptoms that Dodd's Kidney Pills cured in Mr. New's case. Ask your neighbors about Dodd's Kidney Pills.

The man who wishes to roll up a fortune must first learn to roll up his sleeves.—Aylmer Express.

Huns Want Cheaper Food

Will Conditionally Abandon Demands for Higher Wages

Berlin. — Almost unnoticed, amid the excitement incident to the receipt of the peace terms, and probably influenced by them, a movement, in which the workers are receding from their earlier demands for higher wages and are striving to induce the government to reduce prices, is gradually gaining ground.

The latest organization to adopt this policy is the German railwaymen's association, whose representatives at a conference with Minister Schmidt, agreed to abandon demands for higher wages, if the government would reduce food prices.

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

One woman always pays more attention to what another woman has on than to what she says.

Spare the rod and miss half the pleasure of fishing.

Why Can't I Get To Sleep?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an irresistible boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peacefully as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

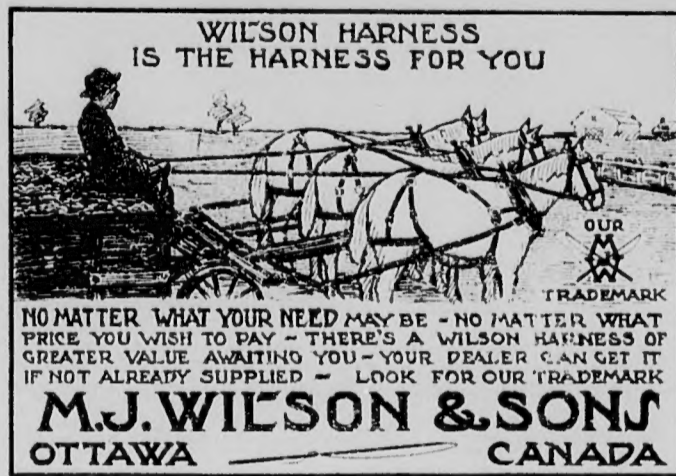

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Canada's Best Poultry Fencing

The standard and most reliable poultry fence—strong enough to withstand the combined weight of two big horses. And that without a top or bottom board either. Floods in Sweden

Damage Estimated at More Than 30,000,000 Kronen

Stockholm. — North Sweden is experiencing the worst floods in many years, due to abnormal rain and snowfall. The damage is estimated at more than 30,000,000 kronen. There have been avalanches and landslides in the Tromsø district.

The farms were swept into the sea, twelve persons meeting death. Two cities, Solleftea and Hernösand, are isolated. The railway banks have been washed away and the bridges destroyed.

The town of Sundsvand also has been badly damaged. Two bridges in the town were carried away and more than one hundred houses along the water front are submerged. Entire villages are isolated. Horses and cattle disappeared in the first furious current.

Fly from Vancouver to Victoria
Vancouver. — The first flight between Vancouver and Victoria was accomplished recently by Captain Alfred Eckley, pilot, and Captain Carl Auld, of the aerial league of Canada. The flight was made in a Canadian J. N. Four Cygnus airplane and the time, including a stop-over on the island city, was three hours and 41 minutes.

Don't wear high-heeled shoes unless you are partial to painful toes.

Wash The Kidneys!

After Bad Colds or Influenza Look to Kidneys and Bladder!

Owing to bad colds, over-eating or intemperance, or to the after effects of influenza—uric acid and toxins (poisons) are stored up in the body and cause backache, lumbago, rheumatic pains and stiff joints.

It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This means that the excretory organs—the bowels, skin and kidneys—should be excited to their best efforts. Every one should clean house—internally—and thus protect one's self from many germ diseases, by taking castor oil or a pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, aloes and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, considerable sediment in the water, brick-dust deposit, perhaps headache in the morning, you should obtain at the drug store "Anurie" (anti-uric acid), first put up by Dr. Pierce.

To build up the strength and improve the blood, take an iron tonic such as "Ironie," manufactured by Dr. Pierce, to be had in tablets at drug stores, or some good herbal tonic such as Dr. Pierce's Golden Medical Discovery, made from wild roots and barks without alcohol, and put up in tablets or liquid.

Dominion Gov't May Regulate Food Prices

In the Dominion Parliament last week the Hon. G. D. Robertson, Minister of Labor, threw some light on the prevailing high price of food products and asserted that there is a shortage all over the world as the direct result of the great war; that Canadian prices are regulated by the demand abroad; that there is no great surplus of food in Canada; that the duty of Canadians is still greater food production for the benefit of themselves and the world; that the Government may issue an order to regulate the cost of living, and that industrial unrest can be traced to the cost of living.

Contending that there is not a surplus of food in Canada, the Hon. Mr. Robertson said there appeared to be a great deal of misunderstanding in Canada by charging present prices of food to hoarding for profit. The people of Canada should know that there is no surplus of food in Canada and unless production is increased there was little hope of such reduction of food prices. As to food in cold storage, if at once released little would be done to relieve the situation. If all the butter in storage on May 1st were divided it would give each Canadian a 17 ounces; a division of oleomargarine would give 1-4 of an ounce; a division of the cheese would give each person less than a 1-3 of a pound. The quantity of butter in cold storage was 838,243 pounds; oleomargarine, 315,764; cheese, 1,064,318 pounds; eggs, a little over 3,000,000 or a third of a dozen per person; pork, 2 1-2 and 3 1-2 pounds per person. What portion had been sold for overseas consumption he could not say. He gave the figures to show the incorrectness of the idea that the present high price of butter, for instance, was due to there being large quantities in storage, held for the benefit of the owners. This was the season of egg production when usually they are collected for storage; but today eggs were not forthcoming and therefore only small stocks are being laid away. Unless egg production increases there was the prospect of an egg famine within a year.

In 1908 the Canadian production of butter was short of Canadian requirements by 1,400,000 pounds, although Canada exported 12,000,000 pounds of butter, there was imported 13,500,000 pounds of oleomargarine. With the army returning the requirements of Canada this year would be 15,000,000 pounds of butter greater than Canadian production. If any person believed that the high price of butter was due to the quantities placed in cold storage, the sooner they awoke the better for all concerned. He made the statement for two reasons:

First—That it was proper the facts should be known.

Second—Because it was the duty of Canadians to realize the need of greater production from the soil.

Canada is an agricultural country with 37 per cent of the people on farms. Men lacking employment at their trades, the markets for whose products had disappeared, continued to live in cities in the hope that new markets would be created, that prices would decrease, and that they would continue to work at their callings. It was but right that these men should be warned that they should not immediately expect the relief that they were looking for.

The unrest in Canada was the natural consequence, a fact that the purchasing power of the average working man's earnings today was less than half its purchasing power four years ago. Light had to be turned on or conditions would grow worse instead of better.

"I am not attempting to excuse exorbitant profits on the part of the manufacturers," said Mr. Robertson, "because some of them are guilty; but I say, in all candor, that so far as I have been able to gather, the manufacturers' original profit in most instances is not unreasonable as are the profits of the people who handle their goods after they leave the factory."

No one was to be blamed for making a good profit on a transaction. Machinery placed at the disposal of municipalities for investigation of these matters had not been made use of. The people of Canada could look close at home for much of the cause of the high cost of living, and individuals could provide some remedy. As long as the ladies of households called up their grocer before 9 in the morning for a box of matches, for a little lettuce in the afternoon, and something else in the evening, necessitating three deliveries in one day, the high cost of living would be increased.

There is only one cure for the present high price of butter, and that is more production.

The Metal Workers' Strike at Winnipeg

On the 14th of May the metal workers of Winnipeg went out on strike for an 8-hour day and an increase in wages, which has developed into what is termed a sympathetic strike, and involving the members of every trade organization in the city, with the result that the result that business is completely paralyzed in every line of trade, including the street railway, the telegraphers and daily newspapers, the latter due to the action of the web pressmen and the stereotypers, and not the fault of the printer; the result is that the innocent have had to suffer, on account of the food question, but the strikers are doing their best to alleviate this phase of the question by allowing the bakeries and milk depots to make supplies. Travelers have met with some inconvenience, owing to the hotel waiters going out.

To all appearances a determined stand has been taken by both the employers and the employee and will continue to a showdown. Good order has been maintained and no signs of rioting have occurred, but should it occur Mayor Gray will read the riot act and give General Ketchen control of the city, but this is not anticipated unless some of the more radical element assert themselves.

The G.W.V.A. have taken a very commendable stand by announcing that while they are in sympathy with the strikers they will not tolerate any rioting.

The Federal authorities have been called on to send Senator Robertson, the Minister of Labor, to go to Winnipeg to settle the strike, but Ottawa has replied that the Province has the power to handle the question. However, a press dispatch on Monday stated it is understood that men from the Toronto garrison were under orders to proceed to Winnipeg at a moment's notice, but it is hoped that the civil authorities will be able to maintain good order. But if rioting breaks out, then the military authorities will be called on to maintain order. The great source of danger lies in the fact that a large foreign element reside in Winnipeg.

Foreign Credits Have Assisted in Prosperity

A large portion of the Canadian public has not yet realized how important a factor foreign credits have been in continuing good times. Sir Thomas White recently said in

OIL is a cheap fuel for cooking—No ashes to clean up. No fires to build. What could be less trouble?

A Florence Automatic with a McClary's Success oven will give you the best bakings you ever produced. No odor. No wicks to bother with. Save fuel, have a cool kitchen. Call and see the Florence in actual operation.

"FLORENCE AUTOMATIC" OIL COOK STOVES
SOLD BY
W. G. LIESEMER
McClary's

Parliament: "Supposing the Dominion Government had said: No money for credit in Canada. What would have happened? Our wheat, flour, beef, manufactured goods, cheese, and salmon could not be sold abroad, and the export business of this country would practically come to a standstill."

From whom has the government received the money that has enabled it to grant these credits? From the people who have loaned it.

If foreign credits are to be continued—and Sir Thomas says that they must be for a while—then the people must continue to lend their money to the Government. War Savings and Thrift Stamps make this easy, besides they pay well. To invest in them is good business, both for the individual and the country.

A Provincial Call for a S. S. Session

The Provincial Government has issued a proclamation calling upon all people in Alberta on May 25 to attend some Sunday school session that day.

The Alberta Sunday School Federation has prepared a special programme for that occasion and has distributed the same in all sections of the Province. An effort is being made in this way to arouse interest in the work of religious education. The various denominations have joined their forces in this work and thus present a united front. Only one in ten in the Province attend Sunday school now. Why not all turn out that day?

It may mean that, in some districts, someone will have to take the lead for the day. Why not call a meeting for that day and discuss the religious need of the community and suggest plans for meeting the needs? Here is an opportunity for the whole Province to unite in a common good, and we hope to hear of many successful gatherings.

The general secretary of the federation would like to have a report for the day. A card to 400 MacLean block, Calgary, would be appreciated.

Now a Complete Truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road.

The body as well as the chassis will be planned to give Ford service.

This will insure the utmost efficiency from the Ford Truck; give the purchaser Ford value in every part of his truck; produce better bodies at lower prices.

Two types of Truck bodies, the Stake and the Express, will be kept in stock, set up, painted

(or in the lead) and ready for prompt delivery.

They have oak floors, sills of seasoned hickory and specially designed forgings and castings.

The construction at every point provides for rough usage such as every truck is bound to get. Both bodies have closed cabs to protect the driver.

These cabs have sliding windows and two-way, double tilting windshields.

Call and learn what it will cost to use these complete trucks in your business. Look them over carefully. See how they outclass other trucks in every detail.

Friendly Reception Of Austrian Delegates

Paris. — Karl Renner, the Austrian chancellor, brought his peace delegation and their attendants to St. Germain, near Paris, and at a later date will appear before representatives of the allied and associated powers to receive the condition which will spell peace for the former empire.

A notable feature of the reception was the absence of Germans, who had requested permission to greet the Austrians, but had been denied this privilege. The prefect of the department, M. Chaleil, met the Austrians courteously, and although there was no official handshaking, many members of the party were greeted by unofficial handshakes from old acquaintances as they were being shown to the waiting automobiles.

The delegates then proceeded under military escort to the villa, as set aside for them, overlooking the valley of the Seine and Paris and lacking the high fences and sentries so much in evidence at Versailles.

It was a cosmopolitan crowd which awaited the delegation, French, English, Italian, Japanese and United States journalists and officers. Some of the Austrians gazed enquiringly from the windows of the train, uncertain of their reception, but Chancellor Renner was sure of his ground and welcomed the friendly spirit displayed with heartiness, which was reciprocated in a measure by those assembled.

Professor Laumacher was accompanied by his wife and daughter, and there were several women secretaries who were shown the greatest courtesy. The Austrian newspaper men and subordinates were quartered in one of the requisitioned hotels.

After their arrival at the villa, the Austrian delegates again thanked the escorting officers for the courteous reception and chatted for a time, contrasting the sunshine and warmth of France with the snows and bleakness of Austria and Switzerland on the journey hither.

The Austrian chancellor, in his speech on arrival, and later in conversation spoke in German, but excused himself, as being unable to speak French.

Get the first of it. In another column appears the first chapter of our new serial story.

Steamer Brings Interesting Cargo

Consisting of Guns Captured By Canadian Soldiers

Montreal. — The steamer Vindella brings an interesting and historic cargo in port, consisting of a score of captured guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is a big gun which is labelled: "Second Canadian Division, 24th battalion, No. 930," and this is consigned to the Victoria Rifles, Montreal. Number 917 is for the 21st Canadian battalion and it is addressed to the lieutenant-governor of Ontario. Number 960 was captured by the 31st battalion, a western unit, in August last, and it is consigned to the lieutenant-governor of Alberta. Number 933 is the property of the 25th battalion of Nova Scotia. There were others, but they were in many cases illegible marked.

Nearly Three Million Loaned

Regina, Sask. — Major Ashton of the soldiers' settlement board, stated here that in April well over \$300,000 had been loaned in Saskatchewan; \$1,200,000 in Alberta and \$1,955,000 in Manitoba. He expected May loans in Saskatchewan would amount to a million dollars. It is probable that a western conference of those connected with soldier settlement in an official capacity will be arranged for this summer.

Will Not Strike

Lethbridge. — Civic employees who voted some days ago to go on strike have rescinded such action and have applied for a Dominion board of arbitration to settle the dispute.

W. N. U. 1264

Assassination is Threatened

Astounding State of Affairs in Ireland Due to Sinn Fein Proclamation

London. — An astounding state of affairs in Ireland was revealed by the Lord Chancellor in moving the second reading of the criminal injuries (Ireland) bill in the house of commons. The bill provides compensation in the case of any officer of the law who is killed or injured while on duty. In response to a government proclamation in Tipperary a counter-proclamation was issued, which declared that any person in the pay of England, magistrates, jurors, and the like, would be deemed to have forfeited his life.

Civilians who gave information to the military or police would be executed—"that is to say, shot or hanged." Volunteers were also called upon to contemplate the possibility of offensive action, more strenuous than in the Easter rebellion. The men who were exposed daily to such risks, said the Lord Chancellor, should be protected by the whole force of the country, and, if they became the victims of assassination, adequate provision must be made for their widows and families. Lord Crewe, however, thought the situation had been exaggerated. Political sympathizers with the party of violence had taken a step to the left, and were less inclined to support the cause of law and order. The bill was read a second time.

Reds Attempt to Kill Paderewski

Attack on Premier Upon His Return to Warsaw

New York. — A Warsaw dispatch reports an attempt by Bolsheviks to assassinate Premier and Mrs. Paderewski. Few details of the attack on the premier are to hand although it is stated that the attempted assassination took place as he alighted from his train upon his return to Warsaw from Paris.

The attempt followed a series of demonstrations of approval and welcome accorded to M. Paderewski at the towns and cities through which he passed on his return to Warsaw, these receptions being a tribute to the work for Poland which the premier had done at the Polish conference in Paris.

The Poles are satisfied with the decision on the Danzig question and are also pleased with the solution of the Silesian boundary problem. In the decision on the Teschen coal field, some disappointment is expressed.

Germans Will Hold Out

Ebert Hopes U.S. Democracy Will Not Accept Treaty

Berlin. — Declaring that the terms of peace presented by the allied and associated governments to Germany, "contemplate the physical, moral and intellectual paralysis" of the German people; that Germans were "hypnotized" by statements made by President Wilson, and that he, himself, "with gravest apprehension," President Ebert said that he still hoped that the United States democracy would not accept the treaty framed at the peace conference. He rejected with disdain the suggestion that the present German government could resign rather than accept or reject the terms, saying that the government would "hold out to the end."

Will Import Canadian Wheat

Minneapolis. — Julius H. Barnes, executive of the United States Grain Corporation, who conferred with millers here, announced that the corporation had arranged for a moderate importation of wheat from Canada. He stated that a moderate downward revision of prices in foodstuffs was anticipated, and that sufficient wheat was available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision could be expected until the American export demands were greatly reduced.

Public Health Nurses in Alberta

Welfare Stations Established in Various Parts of the Province

Edmonton. — Thirteen public health nurses will shortly be appointed to welfare stations in different parts of the province for the purpose of carrying on the campaign of health and welfare education inaugurated last year. A new class of nine nurses, in training under the general direction of Dr. Herbert Jamieson, is this week taking clinics from the public school health officers and in city hospitals, and will be ready in the course of a few weeks to go out with the four nurses already in service to the several points to be occupied as working centres this summer. It will be the duty of the nurses to look after the health inspection of schools in their districts, the general promotion of child welfare, pre-natal work and mothers' meetings and the investigation is that the stations shall be more or less permanent. It is a new departure in Alberta, and is expected to work out with good results.

Alien Homesteaders To Be Investigated

Action Taken to Make Them Available for Soldier Settlement

Ottawa. — Dominion lands held under homestead entry by aliens and others whose duties are in default will be checked by the Dominion land agents and action taken to make them available for soldier settlement.

This action is the result of conferences between the department of interior and soldier settlement board. It also has been decided to check up land held under the temporary reservations which might now be discontinued.

The soldier settlement board will take steps at once to enlist the co-operation of municipalities in ascertaining from local sources information concerning such lands.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Ships Lost in War

Britain Lost 2,197 Merchant Ships With a Tonnage of 7,638,000

London. — The ministry of shipping announces the number and tonnage of allied merchantmen lost through enemy action as follows: Britain 2,197, tonnage 7,638,000; France 238, tonnage 687,000; Italy 230, tonnage 742,000; Japan 29, tonnage 120,000; United States 80, tonnage 341,000. In addition to the foregoing 20 British vessels, tonnage 45,000 tons, were lost on admiralty service.

An absorbing romance in serial form commences in this week's paper.

Recruiting for R.N.W.M.P.

Toronto. — An appeal for recruits to enter the service of the Royal North West Mounted Police is being made in this city owing to the great shortage of man power in the west. Inspector W. P. Boyts, of Regina, visited the office of the provincial government employment bureau in search of any available men. He stated that during the past three years they had lost fully 900 men, 750 of whom served in France and the remainder in Siberia. The need of increasing the force has been placed before the authorities who are offering a splendid opportunity to physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

Purchases in Argentina

London. — German wireless messages state that the German finance commission at Versailles learns that Germany has bought in the Argentine 135,000 bushels of wheat and 20,000 tons of flax seed. On being informed, the entente sent 250,000 tons of ship space to La Plata so that tonnage was assured for a further 100,000 tons of Argentine purchases.

Budapest Indignant

London. — Budapest wireless messages state that the entire press is indignant with Romania's response to the request for armistice conditions and declares that the only reply to such arrogant terms is by arms.

Germans Must Sign Or Armistice Ends

Murdered By Sinn Feins

Attack by Armed Gang Near Limerick Robs Lives of More Custodians of Law

Knocklong, Ireland. — Four police officers who were taking a Sinn Fein prisoner to Cork were attacked by an armed band at the Knocklong station. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocklong is a small town in Limerick county about eighteen miles southeast of the city of Limerick. It is on the Great Southern and Western railway.

War Expenditures

Britain Spent a Large Amount in Canada During War Period

London. — In the house of commons, replying to Sir J. Morton-Griffiths, Col. Emery, under secretary for the colonial office, stated that the war office expenditure in Canada was approximately £225,000,000 sterling; in Australia £291,000,000; in New Zealand £75,000,000; in South Africa £23,000,000; and in Newfoundland £2,000,000.

Dutch and Kaiser

The Hague. — The Dutch government denies that it has decided to surrender former Emperor William. The question at present, it contends, concerns only Germany and the entente.

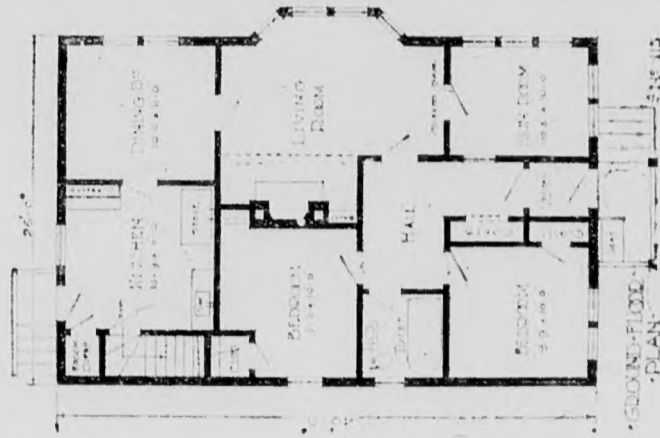

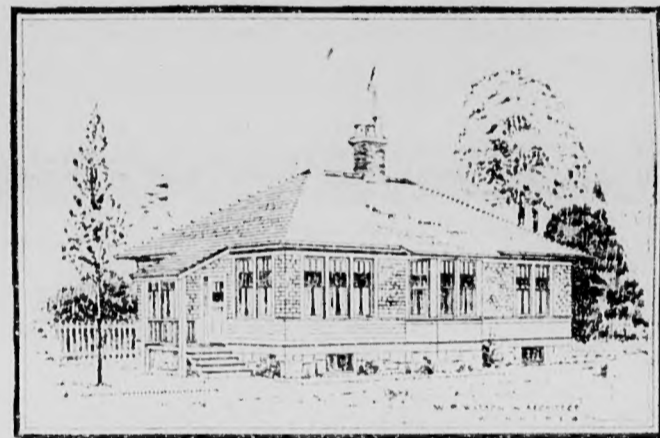

Paris. — The German peace delegation is busy preparing voluminous counter-proposals for submission to the allied and associated powers as substitutes for terms of the peace treaty. Several economic subcommittees of the delegation met, including the one on coal supply.

The council of four, composed of Premiers Lloyd George, Clemenceau, Orlando and President Wilson, considered the question of the imposing of the blockade on Germany in case that country declined to sign the peace treaty. The subject was under discussion at two separate meetings of the council. On the other hand it is anticipated that the blockade will be entirely lifted immediately if the German delegation affix their signatures to the treaty.

A note on reparations does not protest against the payment by Germany for the devastation wrought in Belgium and northern France, which it says Germany is ready to do willingly. It is added, however, that Germany will not pay reparation for this damage on the principle that she was responsible for the war.

Coblenz. — Marshal Foch is due to arrive at Coblenz shortly. He is making a trip which is taking him to the different headquarters of the occupied areas. The marshal will come here from Mayence and will be escorted down the Rhine by French gunboats. He will be entertained at luncheon by Lieut.-General Liguett, commander of the United States third army, and will then proceed to Cologne under escort of British gunboats.

A Six-Room Bungalow

The above bungalow shows a lay-out which is ample and at the same time convenient, with practically no space wasted.

Accuse French of Spying

Paris. — An official note issued says that a German correspondent sent to the Neues Wiener Tagblatt a dispatch that the hotel at Versailles where the German delegates are housed is full of spies acting as hotel attendants and that microphones have been installed in all the rooms. The note brands the report as an odious and calumnious invention and says if it is repeated the French government may find it necessary to expel the German correspondents.

Ties for H. B. Railway

Ottawa. — Contracts for 250,000 ties, to be used on the construction of the Hudson Bay Railway, have been awarded. G. W. Conn will supply 75,000, H. P. North 150,000 and John Dione 75,000. All contractors are of the P.A.S. The contract price is sixty cents and the ties are of spruce and pine, mostly the former.

Afghans Violate Treaty

London. — A Russian government wireless message received says that an Afghan mission has arrived in Moscow to establish relations between Afghanistan and Russia.

This is in violation of the treaty between Afghanistan and Great Britain, under which Afghanistan is not allowed to enter into relations with any foreign country except Great Britain.

To Settle Women

London. — The government overseas settlement committee is sending six women commissioners to the Dominions, two to visit Canada, two to Australia and two to New Zealand. They purpose to enquire into openings for women, particularly workers on the land, with a view to settling in the dominions women workers desiring to emigrate.

ROSEBUD ITEMS

Mr. and Mrs. Sam Troyer left for Castor on Monday last, where they expect to visit for a couple of weeks.

Miss Ethel Burgess visited the dentist's chair in Olds last week.

Mr. and Mrs. Charles Chapin and family left for Ponoka on Monday, where they expect to reside for the future.

The Charles Wilson family have been suffering from scarletina, but the last report was they were all improving.

Rev. and Mrs. C. J. Coate and children, from Harmaton, visited their parents, Mr. and Mrs. W. H. Ault, on Tuesday last.

The Gore prayer meeting held at Mr. W. H. Ault's home last Friday night, was well attended and will be

held at Mr. Reist's home next Friday night.

Mr. and Mrs. Sylvester Davis and son Winfred; also Rev. and Mrs. Guin were the supper guests at Mr. and Mrs. Wm. Ault's on Friday evening.

Mrs. Rooker, who has been visiting in the north for about three weeks, returned a few days ago.

At Viking a live stock association has been formed, the object of which is to improve the stock of the district. What has become of the Didsbury association?

The Camrose Canadian says:—W. Johnson delivered to the Camrose stock yards twenty-nine head of hogs, six months old, that weighed 6,411 lbs. and netted him \$1,229.85. These porkers were raised on buttermilk and other good hog food.

AROUND THE TOWN

Thrift stamps make thrifty children.

Pte. Jack Garner has landed in Canada and is expected home in a day or two.

Mr. A. A. Hall of Colville, Wash., is visiting with Mr. and Mrs. Bennett, west of the town.

Messrs. E. O. Wait and William H. Lyons of Didsbury have each entered a purebred Hereford and Shorthorn bull at the Lacombe bull sale.

Mr. William H. Lyons, R. R. 2, shipped ten head of pure bred Shorthorn cattle (cows and calves) to Mr. Oasler, manager of the "Sir Wm Van Horn Estate," Winnipeg.

Mrs. W. Bacon and family, Colville, Wash., arrived on Thursday to join Mr. Bacon, who has located on a farm about sixteen miles east of the town.

In a local published last week we gave the name of Addison Eby as accepting a position with W. G. Liesemer. This name should have been Addison Erb.

A dance and "shoebox supper" will be held at Loveland's barn on Friday night, May 23rd, under the auspices of the Mountain View Women's Institute, in aid of the Community Hall.

Olds is now without electric light. An accident happened on Saturday with their gas-producing plant, which exploded, putting the lighting system out of business, according to report.

Next Saturday is the 24th, or Victoria Day, which is public holiday. Don't blame the Pioneer if you live out in the country and drive in to town and find the stores and business places closed.

The Three Hills Capital:—"W. T. Nelson of Sunnyslope carried the mail from Three Hills to Sunnyslope on May 4th, making the trip of about 17 miles on snowshoes." Mr. Nelson was a former resident of Didsbury some years ago.

Mrs. A. G. Howe and Mrs. Schmeltie will have charge of the Red Cross lunch on Friday. This will be the last lunch served under Red Cross auspices as the rooms will be closed down shortly.

The Women's Institute have now opened up their rest room in the Stevens building, north of the Union Bank. The ladies are to be commended for their public spirit, as such a room has been greatly needed for some years.

Rev. and Mrs. John Soltman and little daughter, of Pontiac, Mich., visited with Mr. and Mrs. M. B. Clemens for a few days last week. Mrs. Soltman is a niece of Mr. Clemens, and this was the first time he had seen her in twenty years.

Rev. C. J. Coate and wife will go to Red Deer on Thursday to attend the general convention and revival on May 23, 24 and 25, at the Nazarene church. Mr. Wm. Moore will take the service on Sunday, May 25th at 3 p.m., held at the residence of C. D. Carver, Zella; Sunday school at 2 p.m. All are invited to attend.

The great scarcity of dwelling-houses is still felt in Didsbury, and unless suitable places can be found, we are liable to lose some worthy families. As was pointed out in the Pioneer a short time ago, the erection of half a dozen neat and comfortable cottages of four, five and six rooms, would be a good investment, either as a direct sale or as a rental. A Didsbury citizen made the statement a few days ago that if he had \$5000 he would have no hesitation in putting every dollar into houses here. The labor and material are at our door; all that is needed is the man with sufficient courage to make a start.

Sousa's Band Coming to Western Canada

The Edmonton Exhibition announces that the contract has been signed for the appearance of Lieut. John Philip Sousa and his famous band twice daily at the coming Exhibition, July 7-12. Lieut. Sousa has been in the United States naval service and has trained more than 3,000 bandmen since the United States joined the Allies in fighting Germany. He has now been given leave of absence for the summer and will make a limited tour with his original band—sixty in number, with two lady soloists, and will conduct his band in person. While few have heard this band—possibly the most famous in the world—we have listened to his compositions on the piano and gramophone. The Sousa music is like nothing but itself; not merely original, but unique. It is full of that indefinable 'something' that makes Sousa's band so rare and so delightful.

NOTICE!

Municipal District of Mountain View No. 310

In the matter of the Court of Confirmation of the Tax Enforcement Return of the Municipal District of Mountain View No. 310.

Take notice that a Judge of the District Court of the District of Calgary will, at the sittings of the Court on

Wednesday, the 4th day of June, 1919,

at 10 o'clock in the forenoon in the Court Room at Didsbury confirm the Tax Enforcement Return of the Municipal District of Mountain View No. 310 for taxes due to the said Municipality to December 31st, 1918.

Dated at Didsbury this 26th day of March, 1919.

A. BRUSO, Sec. Treas.

McFarlane-McKinnon

The marriage of Mr. E. McFarlane of Elkton, to Miss Martha McKinnon of Balfour, Scotland, took place at Calgary on Monday, May 19th, Rev. A. M. McTaggart of St. Andrew's Presbyterian Church performing the ceremony. Miss McKinnon had just arrived from Scotland. Mr. and Mrs. McFarlane returned to Didsbury on Tuesday. The many friends of Mr. McFarlane will join in wishing them both a long and happy married life, and will welcome Mrs. McFarlane to this new country and new home. Congratulations.
